

The Air Inside Of Me

(...Inhale...)

life. breath. air.
pumping
lifeblood
licking up oxygen

(...exhale...)

the draw of my
insides
moving
the air inside of me

(...inhale...)

take a breath
cough
gasp
knocked the wind out of me

(...exhale...)

breath of fresh air
room
to
breathe

(...inhale...)

have you inhaled Him?
because
one
day
every
one
stops

(...exhale...)

breathing.
